TECHNICAL DATA SHEET

Prism Thermostatic Vertical Shower Valve with Adjustable Riser

Product Specification

Product Code: PM VSHXAR C
Finish: Chrome
Product Type: Contemporary
Construction: Bodies are of all brass construction
Valve Type: ¼ turn ¾” inline ceramic disc valve
Cartridge Type: Thermostatic cartridge
Supply: Suitable for all plumbing systems, preferably balanced
Water Pressure: 0.1 Minimum, 5.0 Bar Maximum
Inlet Connections: 15mm Compression Fittings
Outlet Connection: G ½”
Dimensions for Fitting: 45mm inlet centres

Additional Information

• Dual control – Flow and temperature are controlled separately giving accurate control or both.
• Thermostatic cartridge maintains showering temperature to +/- 1°C by compensating for changes in the incoming water temperature and pressure providing a stable outlet temperature.
• Automatic shut off in the event of hot or cold water supply failure, thus reducing the risk of injury.
• Factory set to a maximum of 38°C to eliminate the ability to select an unsafe temperature - this can be manually over-ridden up to 46°C to suit user preference.
• Supplied with 1.5m hose, hose retainer, adjustable riser kit with soap dish and single function handset with rub clean nozzles
• Utilizes unique fast fit system
• Chrome plated to BS EN 248.
